

Enterprise COVID-19 Contingency Planning

Purpose

The purpose of this document is to outline how ECU will quickly and safely respond to the impacts of COVID-19 and changes to WA State Government restrictions.

Contingency planning and business continuity

The Enterprise COVID-19 Contingency Plan is supported by local COVID-19 Contingency Plans and Business Continuity Plans (BCPs). The University also has an Enterprise-wide BCP which records the strategies and actions to maintain and recover normal services in the event of a major disruption, as outlined in the [Critical Incident Management](#) framework.

Each School and Centre has a local BCP which outlines how that particular area will manage short to medium term disruptions to service delivery. This is complemented where required by a local COVID-19 Contingency Plan which documents the key actions the area will take to prepare and respond to a range of COVID-19 scenarios; and documents any requirements that are unique or specific to the School or Centre. More information can be found [here](#).

Response management

ECU has established a COVID-19 Management Group (CMG) as the senior leadership body which oversees the University's response to COVID-19.

Responses to specific impacts or changes to State Government restrictions are assessed by the CMG and communicated University-wide and/or to the relevant business area. There are also specific response protocols in place for how the University responds to positive COVID-19 cases on campus.

The CMG is responsible for determining at which restriction level the University is and deciding when to escalate or de-escalate restriction levels as appropriate.

Restriction levels

ECU's response to impacts and State Government restrictions is guided by the inherent severity of the restrictions, as outlined in the table below:

Restriction level		
1	Open with COVID Safe practices	Campus ¹ open and all activities permitted with ECU COVID-19 Safety Plan protocols in place.
2	Open with additional COVID-19 restrictions in place	Campus open and activities permitted in line with additional restrictions.
3	Limited access	Only essential services and approved activities permitted on campus.
4	Restricted access	Only activities necessary for the security and integrity of assets and infrastructure permitted on campus.
5	No access: Lock down	Only government-approved activities permitted on campus.

The table overleaf provides a *guide* to what action the University will take for each level of restriction imposed, including access to campus and provision of services to staff and students.

¹ In this context, "campus" refers to any ECU operated facility or site.

Nr	Restriction level	Campus access	Staff	Teaching	Learning	Research	Student support	Events	Campus operations	Third parties and tenants
1	Open with COVID Safe practices	<p>Campus open and all activities permitted with ECU COVID-19 Safety Plan protocols in place.</p> <p>Comply with State Government public health directions (e.g. mask wearing, contact tracing, proof of vaccination).</p>	<p>On campus – normal operations where practicable, with ECU COVID-19 Safety Plan protocols relevant to office spaces, including meeting rooms.</p> <p>Travel allowed subject to FBSC travel rules and State Government restrictions.</p>	<p>On campus – normal operations as per current timetable, with ECU COVID-19 Safety Plan protocols relevant to teaching spaces.</p>	<p>On campus – normal operations as per current timetable.</p> <p>Travel allowed subject to FBSC travel rules and State Government restrictions.</p>	<p>On campus – normal operations where practicable and with ECU COVID-19 Safety Plan protocols relevant to laboratory and research areas.</p>	<p>On campus – normal face-to-face operations where practicable, with ECU COVID-19 Safety Plan protocols relevant to public and student-facing areas.</p>	<p>Events permitted in line with State Government requirements regarding COVID-19 Event Plans and Checklists.</p>	<p>On campus – normal operations where practicable, with additional cleaning and ventilation as per ECU COVID-19 Safety Plan protocols.</p>	<p>Open, subject to State Government directions regarding ECU COVID-19 Safety Plans.</p>
2	Open with restrictions	<p>Campus open and activities permitted ECU COVID-19 Safety Plan protocols in place; and with additional restrictions as imposed by the State Government, such as capacity limits, increased physical distancing requirements and limits on indoor/outdoor gatherings.</p> <p>Comply with State Government public health directions.</p>	<p>Reduce staff density.</p> <p>Manage work plans for staff at increased risk.</p> <p>Business areas to direct work from home measures to enable reduced staff density, while maintaining campus presence.</p> <p>Travel allowed subject to FBSC travel rules and State Government restrictions.</p>	<p>On campus teaching continues with timetable adjusted for capacity limits.</p> <p>Smaller group tutorials and labs may continue.</p> <p>Larger lectures to move to online; or split to accommodate capacity restrictions.</p> <p>On campus assessment continues, subject to capacity restrictions.</p>	<p>On campus – subject to venue capacity restrictions.</p> <p>WIL placements to continue subject to restrictions imposed by industry partners.</p> <p>Travel allowed subject to FBSC travel rules and State Government restrictions.</p>	<p>On campus – subject to capacity and physical distancing requirements.</p>	<p>Mixed on campus/online.</p> <p>Student Hub remain on campus with additional physical distancing protocols.</p> <p>Counselling, Student Health Services move to telehealth.</p> <p>Library and e-Labs remain open.</p>	<p>Outdoor events permitted in line with State Government requirements regarding COVID-19 Event Plans and Checklists.</p> <p>Larger events and indoor events discouraged and subject to State Government restrictions.</p>	<p>On campus – normal operations where practicable, with additional cleaning and ventilation as per ECU COVID-19 Safety Plan protocols.</p>	<p>Open, subject to State Government directions regarding ECU COVID-19 Safety Plans; and venue restrictions for certain industries (e.g. food outlets).</p>
3	Limited access	<p>Open, but only essential services/activities permitted on campus.</p> <p>Comply with State Government public health directions.</p>	<p>Staff work from home where possible.</p> <p>Access to campus for those staff unable to work from home limited to essential services.</p> <p>Access to campus for non-essential services staff requires SDVC approval.</p> <p>No travel allowed.</p>	<p>Online teaching as per the Teaching & Learning Plan.</p> <p>Laboratory, practical and performance classes moved to online, unless considered essential to remain on campus, which requires DVC(E) approval.</p> <p>Assessments moved to online, rescheduled, or alternative assessment approaches adopted as relevant.</p>	<p>Online learning, except where on campus presence required as determined in teaching plan.</p> <p>WIL placements may continue subject to restrictions imposed by industry partners.</p> <p>No travel allowed.</p>	<p>On campus presence minimised. Access restricted to staff and HDR students performing activities approved by relevant ADR.</p> <p>Essential research activity including trials and laboratory experiments may continue, subject to COVID-19 safety protocols and State Government restrictions.</p>	<p>All student services provided online.</p> <p>Essential student services (e.g. Student Hub) permitted a limited on-campus presence.</p> <p>Library Services available online.</p> <p>E-labs remain open.</p>	<p>In person events not permitted.</p>	<p>Remote work where practicable.</p> <p>Security & Traffic Services maintains on campus presence.</p> <p>Other campus operations unable to work remotely may work on campus (e.g. Grounds, Maintenance), subject to relevant State Government restrictions.</p>	<p>Open, subject to State Government directions and restrictions for certain industries (e.g. food outlets).</p>

Nr	Restriction level	Campus access	Staff	Teaching	Learning	Research	Student support	Events	Campus operations	Third parties and tenants
4	Restricted access	<p>Restricted access.</p> <p>Only activities necessary for the security and integrity of assets and infrastructure permitted.</p> <p>Comply with State Government public health directions.</p>	<p>Staff work from home to the maximum extent possible.</p> <p>Implement alternative work arrangements from School/Centre plan for staff unable to work from home, refer to the COVID-19 Information and resources site for additional information.</p> <p>Approval to work on campus requires approval by SDVC.</p> <p>No travel allowed.</p>	<p>Online teaching as per the Teaching & Learning Plan.</p> <p>Alternative approaches adopted for laboratory, practical and performance classes, including online where possible.</p> <p>Assessments moved to online, rescheduled, or alternative assessment approaches adopted as relevant.</p>	<p>Online learning.</p> <p>WIL placements suspended, except for specific exceptions (e.g. clinical placements) which are permitted to continue under State Government guidance.</p> <p>No travel allowed.</p>	<p>Only staff and HDR students required to ensure continuity of research permitted on campus, to be registered with relevant ADR.</p> <p>All other on campus research activity suspended.</p> <p>Approved maintenance of equipment for trials and laboratory experiments may continue, subject to State Government restrictions at the time.</p>	<p>All student services provided online.</p> <p>E-labs closed.</p>	<p>In person events not permitted.</p>	<p>Restricted access.</p> <p>Security & Traffic, Maintenance and other services necessary to ensure security and integrity of assets permitted, subject to State Government restrictions at the time.</p>	<p>Closed, unless exempt under State Government restrictions at the time.</p>
5	No access	<p>No access to campus, e.g. lockdown scenario.</p> <p>Only State Government approved activities permitted on campus.</p> <p>Comply with State Government public health directions.</p>	<p>Staff work from home.</p> <p>Implement alternative work arrangements from School/Centre plan for staff unable to work from home, refer to the COVID-19 Information and resources site for additional information.</p> <p>No access to campus.</p> <p>No travel allowed.</p>	<p>Online teaching as per the Teaching & Learning Plan.</p> <p>Alternative approaches adopted for laboratory, practical and performance classes, including online where possible.</p> <p>Assessments moved to online, rescheduled, or alternative assessment approaches adopted as relevant.</p>	<p>Online learning.</p> <p>WIL placements suspended, except for specific exceptions (e.g. clinical placements) which are permitted to continue under State Government guidance.</p> <p>No travel allowed.</p>	<p>All on campus research activity suspended, unless specifically exempt under State Government restrictions (e.g. trials).</p> <p>Approved maintenance of equipment may continue, subject to approval from ADR and State Government restrictions at the time.</p> <p>No access to campus.</p>	<p>All student services provided online.</p> <p>E-labs closed.</p>	<p>In person events not permitted.</p>	<p>No access to campus.</p> <p>Security & Traffic maintain limited on campus presence, subject to nature of State Government restrictions at the time.</p> <p>Implement alternative work arrangements from Centre plan for staff unable to work from home, refer to the COVID-19 Information and resources site for additional information.</p>	<p>Closed, unless exempt under State Government restrictions at the time.</p>
