

INDUCTION FOR LECTURES

School of Engineering

Faculty of Computing, Health and Science

Emergency Evacuations

- Take notice of fire alarms, TV messages, audio messages or instruction from a Security Officer/Building/Area Warden (they may be wearing bright fluorescent jackets).
- Be aware of the evacuation procedure vacate the room in an orderly fashion through the specified emergency exit doors taking belongings with you. These doors should automatically open when the door bar is pushed.
- Go directly to the Emergency Assembly Area for that building. All rooms should have a map displaying this information (indicate Assembly Area from map to students).

Emergency Evacuations

- See Emergency Procedures multi-coloured flip chart and "Instruction to Lecturers" located in each room.
- Assist wheel chair bound/disabled/injured persons to a safe location inside the room while able bodies persons evacuate, then assist them in evacuation.
- Obey instructions
- Do not leave the premises or go to café etc. but go to Emergency Assembly Area (refer to chart).
- Do not use lifts.
- Wait to be told to return to building or to disperse by a FESA Officer in Charge or a Security Officer/Building/Area Warden.

Emergency Assistance

- Note the location and use of the Security phones on campus. These are radiophones and there will be a pause before an officer responds.
- Security Officers will escort them to vehicles.
- Security Officers are trained in First Aid.
- It is safer to walk around on campus and to transport after hours in pairs or more.
- There are designated well-lit walkways for movement around campus after dark.
- Note the location and availability of the campus Medical Suite.

Responsibilities of Students

- If lecturer does not show inform school secretary/clerical as soon as possible.
- ECU supports a NON-SMOKING environment.
- Hazards need to be reported to a university staff member.
- Accidents and injuries need to be reported to a university staff member as soon as possible.
