Application for Alternative Exit

ECU
EDITH COWAN
UNIVERSITY

- Students may be eligible to apply to exit with an alternative course/degree, if there are approved "exit points" established within your course. For example, you may be eligible to exit from your Master's degree with the Graduate Certificate of the same discipline or from your double degree with the singular degree.
- Applications for Alternative Exit are to be submitted either once you have enrolled in your final unit(s) of the exit award or following completion of the required units.
- Students with Credit and Recognition for Prior Learning (CRPL) must consult the Maximum Credit Table to ensure you do not exceed the maximum credit applicable within the exit award.
- There are two exit pathways: "Intermediate Award" and "Exit Award" and you must consult: What is an alternative exit and how do I apply? prior to completing this form.
- For course related queries, please refer to the Student Hub.
