

Salary Packaging Options

These Salary Packaging items have strict conditions to determine employee eligibility. Consultation on your specific eligibility can be made through enquiring with the service providers directly as an ECU employee.

Employees considering entering into a salary packaging arrangement should obtain their own independent financial advice prior to entering into any such arrangement.

The University is unable to provide financial advice to employees on the benefits or otherwise of entering into a salary packaging arrangement.

ECU's preferred providers are Maxxia and SG Fleet.
