

SUCCESS STARTS WITH COMMUNICATION

GET READY TO PRINT LIKE A CHAMPION!

We're almost there... Student facility changes are happening now. The transformation of ECU's Staff Printing facilities are up next!

All of the new Fuji Xerox devices come standard and fully equipped with:

- ◆ Print and Copy in Black & White and Colour (A4 & A3);
- ◆ Scan to Email;
- ◆ Scan to USB;
- ◆ Print from USB; and
- ◆ Some devices even have finishing units which offer stapling, 2 & 4 hole-punching and collating.

We've been busy breaking the news to our Students that:

ECU Students have over 80 brand new multifunction devices with 'FollowMe Printing' capability, which means they can pick up their print job from **ANY** Fuji Xerox device on campus. See [maps](#) for locations.

- ◆ The on-site [Docucare Service](#) will monitor the devices so they're always available for use.
- ◆ Students can already utilise web printing from anywhere! (Personal devices and android mobiles). Hello, convenience.
- ◆ IOS printing is coming soon, so they will be able to print straight from their mobile IOS device.
- ◆ Student printing prices will also significantly **REDUCE** from Semester 2 2016. Boo-yah!

IMAGINE WHAT'S NEXT, JUST FOR STAFF!

The new Print Centres are under construction, providing innovative solutions designed for Mt Lawley and Bunbury campuses...ready for service commencement by June 2016. Joondalup is currently being designed.

Staff (yes, you, you hard-working people) are about to receive:

- ◆ New Fuji Xerox multifunction devices providing printing, copying, laminating, binding, hole punching and trimming capabilities.
- ◆ Web printing and FollowMe Print.
- ◆ On-site print [DocuCare services](#) to ensure maximum device availability and complete paper/toner supply.

All student and staff old printing devices will be retired, removed and will be thoughtfully 97% recycled.

Meanwhile, the Fuji Xerox Pop-Up desk in the Mt Lawley Building 8 (Library) has been busy already, successfully processing over 150 separate print jobs since February.

EXCITED? SO ARE WE!

We will update you shortly about the new staff environment via the launch of the Managed Print / Mail Services intranet page. Want more info? Email printing@ecu.edu.au
