APPROVAL PROCESS

Policies are approved by either University Council or the Vice-Chancellor, depending on their scope and nature. University Council will approve high-level University policies where Council scrutiny is appropriate, consistent with the Matters to be Reserved to Council.

Minor amendments to policy (i.e. those changes which are largely updates and which do not change the overall intent) may be approved by the Policy Owner. These changes may include updating telephone numbers, change in the name of a person (but effectively the same position), typographical and format changes (e.g. changes in numbering, changing to the new format).

More significant changes will require the policy to be formally amended and resubmitted through the original approval process (via Council or the Vice-Chancellor). Major changes include amendments of substance to the policy for example, the deletion of parts of the policy, addition of new sections or other substantive changes in the policy. The determination of whether something is substantive will rely on the expert judgment of the Policy Owner.
**Obsolete Policy** – A policy may become superseded or obsolete but has never been formally rescinded. If the policy has clearly been superseded by a subsequent policy, or legislation, that deals with substantially the same matters, the Policy Owner must forward a memorandum requesting the policy approver (Vice-Chancellor or Council) to approve the rescission of the policy. This should be done at the same time as seeking approval for the replacement policy (if there is a replacing policy). Where there is no clear superseding policy or legislation, the Policy Owner must determine whether a request to the Policy Approver for rescission is sufficient or, given the nature of the policy, the recommendation to rescind the policy should go through the usual policy development process.

Guidance on the appropriate level for the approval of policy is given in the [ECU Policy Framework](#).

The Office of Governance Services can provide you with assistance in determining the appropriate approval level.
