How to use an interactive whiteboard

**step 1** Touch interactive blue Crestron touchpad on desk

Find the Crestron user interactive touchscreen on the presenter’s desk and to turn it on.

If it's not already on tap the touchscreen.

**step 2** Select the **WB Cam 1** icon on the top row of the Crestron touchscreen

**step 3** Wait for dual screens and comfort monitors to change display to blank white images

**step 4** Go to the dual screens

**step 5** Touch blue triangle on side of whiteboard to activate IWB

- Watch as an interactive pop-up menu appears.
- With your stylus select a colour choice on pop-up menu.
- Write on the whiteboard with your finger or stylus.
- Delete drawn content by selecting the interactive eraser icon.

**step 6** Advanced options

Select Advanced and then sources/destinations on Crestron screen to change whiteboard camera destinations.

Whiteboard markers are only to be used on whiteboards and not on interactive whiteboards.
