

2023 Edith Cowan University Higher Degree by Research Scholarship (ECUHDRS)

OVERVIEW

Edith Cowan University (ECU) provides Higher Degree by Research Scholarships (**HDR Scholarship**) to support Candidates of outstanding research promise undertaking a Higher Degree by Research (HDR) Courses at University. The guidelines for the HDR Scholarship scheme are based on the [Commonwealth Scholarships Guidelines \(Research\) 2017](#), except where alternative guidelines are indicated in this document.

The two major costs that may be supported by a HDR Scholarship include tuition fee offset and living costs:

- **Tuition fee offset:** to provide support to cover part or all of a Candidate's tuition fees for a given period. Candidates may be invoiced for the remainder of fees not covered by a tuition fee offset or when the tuition fee offset ends.
- **Stipends:** to provide Candidates with a stipend to support some of their living costs for a given period while undertaking study. Stipends are provided in various forms and may include co-funding from external organisations.

Candidates may be eligible for a tuition fee offset without receiving a stipend. However, any Recipient receiving a stipend will typically also receive tuition fee offset. The conditions (e.g. period of support and value) for tuition fee and stipend scholarship may differ and are outlined below. Recipients may also be eligible for other allowances as outlined in the Value of Scholarships and Payment section below.

Scholarships may have tax implications and it is the Recipient's responsibility to check on an ongoing basis any tax liability of receiving a scholarship. This is particularly important for Candidates receiving a part-time scholarship or receiving funding outside their scholarship. Please refer to the [Australian Taxation Office website](#) for information about scholarships and taxation.

Recipients of scholarships must read the scholarship conditions in conjunction with their specific scholarship offer. If your scholarship is entirely or partly funded by an external party, or by a particular School/Teaching Area of the University, Candidates must accept any additional terms and conditions of that funding. This may include scholarships supported by:

- an industry partner who provides funding or in-kind (non-cash) support;
- externally funded research grants; or
- University School/Teaching Areas.

International Strategic Scholarships sponsored by foreign governments (where University may or may not co-fund; e.g. HEC or CSC) are not covered by the scholarship conditions in this document. Recipients of International Strategic Scholarships should refer to the conditions associated with those scholarships.
