
Staff Orientation – Working at ECU

Description

This workshop offers a high level strategic and cultural orientation. Participants will obtain an overview of ECU structures and their associated functions / services. This provides a perspective on how the organization achieves some of its strategic priorities.

The workshop also offers a forum for new staff to begin building their networks with opportunities to meet some members of the Senior Executive Team and other ECU staff.

Learning Outcomes

On successful completion of this course, participants should understand:

- Purpose, vision, values and strategic direction of ECU
- Structure of the University
- Importance and work undertaken in areas Student Experience and Diversity, Access and Inclusion
- Role and strategic focus of the Research function
- ECU culture and expectations
