Teaching Spaces Technology:
Standard Media Setup

Step 1: Turn on the system by pressing the green button

Step 2: Connect your laptop’s power cable

Step 3: Connect the network cable (refer to snap.ecu.edu.au for instructions)

Step 4: Connect the sound cable

Step 5: Connect the video cable, check it is not upside down

Note: The system is timed to shut down after two hours. Press the green button to reset the timer or to cycle through the other media devices in the room

Step 6: Change your computer to dual display (usually a function key combination)
