Turnitin – Create a New Assignment

Before students can submit their assignments through Turnitin, you need to create the assignment in a Content Area in your unit's Blackboard site.

Create an Assignment

1. Go to the Content Area, click Assignments.

2. Ensure that the Blackboard Edit Mode is on

3. From the Create Assessment menu, select Turnitin Assignment.

4. Select assignment type as Paper Assignment (default).

5. Click Next Step.

6. Fill in the appropriate information in the Assignment Title and Point Value fields.

7. Use the drop-down menus to select the appropriate Dates of Availability (required).

8. Click Option Settings to display further options.

9. To allow students to submit, review and revise their assessment, ensure the following options are enabled.

    a. Generate Originality Reports for submissions? –Yes

    b. Generate Originality Reports for student submissions? –Immediately

    c. Allow students to see Originality Reports? –Yes

10. Click Submit

11. Click OK in the confirmation screen.

12. Click Control Panel.

13. Click Course Tools.

14. Select the title of the Turnitin link for the assessment item.
