Teaching Spaces Technology: Touchscreen Media Setup

Step 1: Turn on the system by touching the screen, then press “Standard Lecture”

Step 2: Connect your laptop’s power cable

Step 3: Connect the network cable (refer to snap.ecu.edu.au for instructions)

Step 4: Connect the sound cable

Step 5: Connect the video cable, check it is not upside down

Step 6: Change your computer to dual display (usually a function key combination)
